Quotation: **REISHAUER RZ 400 – Gear Grinding Machine**
Complete system: Tailstock, on board CNC-Dressing & Hoffmann Filter
Quotation no: **26_0807.00**
Year of manufact. 2006

We are pleased offering this Reishauer RZ400 in very good condition. The machine is complete with tailstock, oil mist exhaust and filter and cooling unit (Hoffmann HSF). It has no defects or errors and is sold due to low workload only.

Price FCA: **EUR 235'000.-**

installation: on request

Payment condition:

- 30% down payment with PO
- 70%. before delivery

Technical Data:**Control:** Siemens 840D

Machine only (LxWxH): 3.3 x 2.7 x 2.5
 Weight: 16'000 kg

Part Data:

OD 10 – 400mm
 No. of teeth 5 – 999
 Gear width 0 – 300mm
 Distance between centers approx. 60 – 700mm (with std. centers)
 Module 0.5 – 8 (with autom. indexing)
 PA 14 – 30°
 Helix +/- 45°
 Weight workpiece max. 300kg

Machine Parameters:**B-Axis** (grinding spindle)

Power 10kW
 Speed 4010 rpm, 63/72 m/sec. incl. dynamic balancing

C-Axis (work spindle)

Torque 180 Nm
 Speed max. 480 rpm

Z-Axis

travel 300mm
 Feed 0 – 5.0 mm/rev.

X-Axis

travel 490mm
 speed 15 m/min.(rapid travel)

Y-Axis (shifting)

travel 220mm

P-Axis (grinding oil nozzle)

travel 80mm

W-Axis (tailstock)

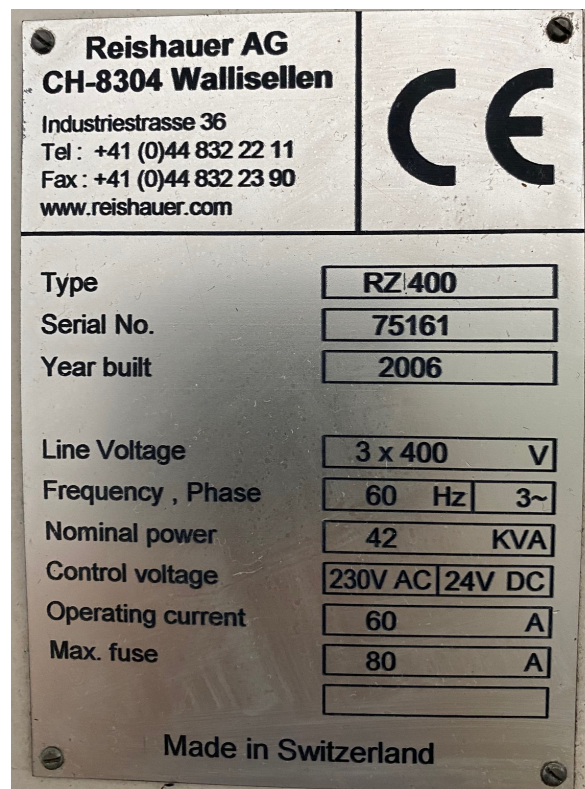

travel 640mm
 speed 12 m/min.

W1-Axis (indexing sensor)

travel 250mm
 speed 45 m/min.

A-Axis (swivel grinding head)

travel +/- 48°
 speed 28 °/sec.

**Available Auxiliaries and Tooling:**

one flange with used grinding wheel, 2 meshing sensors
