

“SERVING THE NEW ENGLAND METAL CUTTING INDUSTRY FOR OVER 80 YEARS”

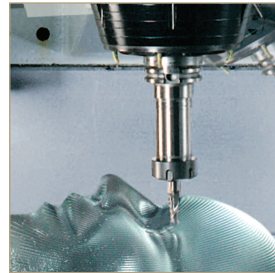

L I N E C A R D

Turning & Milling Machines

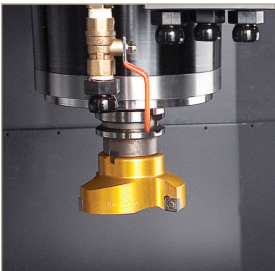

Ganesh

- manual mills and lathes
- CNC mills and lathes
- multi axis turn and mill centers
- gang-style multi-tasking turning centers

Hurco

- horizontal machining centers
- vertical machining centers
- 5 axis machining centers
- turning centers

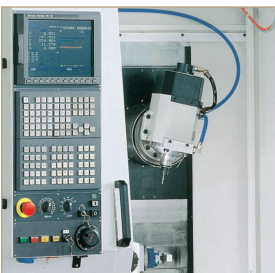

Hwacheon

- horizontal turning centers
- vertical turning centers
- multi axis turning centers
- vertical machining center
- 5 axis machining centers
- die/mold centers

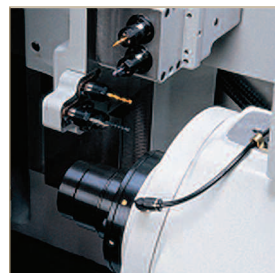

Toyoda

- horizontal machining centers
- vertical machining centers
- 5 axis vertical machining centers
- double column, bridge and gantry machining centers
- automation systems

Willemin-Macodel

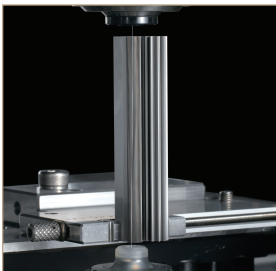

- 5-axis bar fed machining centers for medical implants/instruments
- 5-axis bar fed machining centers with turning capability
- 5/6-axis machining centers for the turbine blade industry

Nomura

- Swiss style turning centers
- Turn-key solutions

EDM

Sodick

- wire EDM machines
- CNC Ram EDM
- manual & CNC small hole EDMs
- EDM consumables

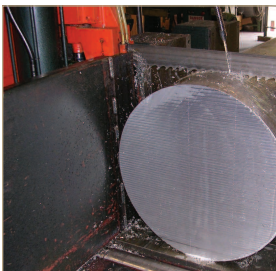

WaterJet

Omax & Maxiém

- abrasive waterjet machines

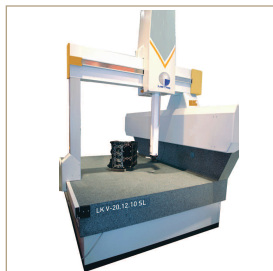

Bandsaws

Cosen

- general purpose band saws
- structural material band saws
- mass production band saws
- heavy duty band saws

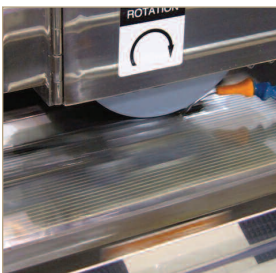

Measuring Systems

Nikon Metrology

- Coordinate Measuring Machines(CMMs)
- optical CMMs
- 3D laser scanners
- handheld laser line probes
- X-ray and Computed Tomography (CT)
- optical CNC measuring systems
- measuring microscopes

Grinders

Mitsui High-tec

- PC based grinders
- hand feed grinders
- semi automatic grinders
- CNC grinders

Toyoda

- universal grinders
- cylindrical grinders
- cam & crank shaft grinders

Brooks Associates

For over eighty years, Brooks Associates has served the New England metal cutting and forming industries. Brooks offers productivity enhancing equipment for diverse applications including die/mold, aerospace, medical and electronics.

Brooks provides comprehensive pre-purchase through post-installation support. As a family owned business Brooks Associates proudly represents quality machine products and offers unparalleled service and equipment expertise.

Brooks is an industry leader and top-producing distributor for global machine-tool suppliers. The team at Brooks prides itself on the highest quality equipment, technical proficiency, and commitment to customer service through prompt/professional response.

Put our award-winning sales/service personnel to work for you.

Peter Klier, Michael Klier, Joe Klier
