

Nano Foam Technology Private Limited

www.clcblockmakingplant.com

We hold specialization in the manufacturing, supplying and trading of premium quality **Clc Brick Making Machinery**. Offered machines are widely appreciated among the clients for sturdy construction and simple functionality.

A Member of

Profile

Within a short period of its establishment, which was in **2010**, we, **Nano Foam Technology Private Limited**, have earned recognition among the leading manufacturers, suppliers and exporter of **Brick Making Machinery**. Our professionals manufacture these machines using high quality metal sourced from authentic vendors. Known for seamless finish, rust resistance and smooth operation, these machines are widely demanded in construction industries. Furthermore, our offered machines are cost-effective and easy to install.

With the assistance of our trustworthy vendors and an efficient team, we have been able to offer premium quality Building & Construction Machineries to the clients. These machines are manufactured in compliance with the industry set norms and parameters using high quality craftsmanship and advanced machinery. Our range of machines comprises of Air Compressors, CLC Brick Making Machinery and Building & Construction Materials. To manufacture optimum quality machines, we have hired a team of expert engineers and technicians, who have a rich experience in this domain. These machines are highly demanded in construction industries and some of our leading customers are Pranav Construction and AGP Homes.

Owing to the client concentric decisions and managerial strategies decided by our Chairman-Managing Director **Mr. Prabakaran**, we have been able to offer optimum quality Building & Construction Machineries at industry leading prices. His domain expertise and foresight motivate us to excel and work in a pressure-free environment. We exports our products in **Kenya, Malyesia, Singapore, Sri lanka, Tamilnadu, Gujarat, Mumbai, Hyderabad, Karnataka, Bangalore, Chennai, Raipur, Delhi, Germany, Goa, Kerala, Culicut, Cochin, Coimbatore etc.**
