- ◆ We have our own Foundries for basic raw material of stone processing M/cs with best Quality.
- ◆ Quality is our Standard. To achieve the objectives of the quality Policy, Company always plans to implement & achieve total Quality Management.

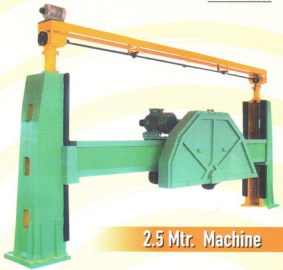

# A. V. B. C. Machine

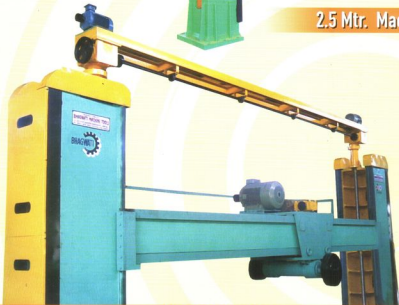

(AUTOMATIC VERTICAL BLOCK CUTTING MACHINE)

*High  
Quality  
Production*

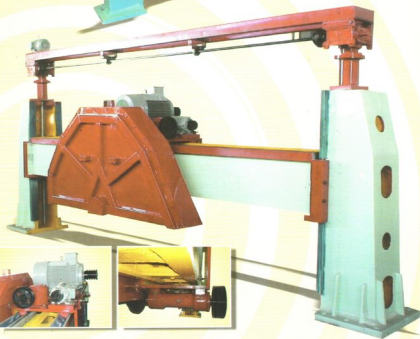

2.5 Mtr. Machine

3.5 Mtr. Machine

1.3 Mtr. Machine

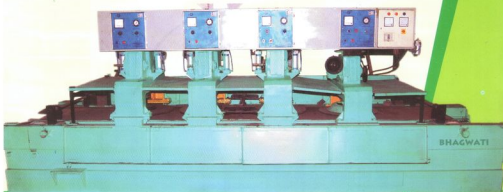

1.6 Mtr. Block Cutting Machine

## EDGE CUTTING MACHINE

## LINE POLISHING MACHINE

# Gantry Crane & E.O.T. Crane

*Capacity*  
*2 Ton to 50 Ton*

## Special Features

- Class II outdoor duty and as per IS 8042.
- Multi activity and dual capacity machines.
- Micro speed lifting for special requirements.
- Hardened tempered gear boxes.
- 8 falls centrally balanced hook.
- Wire rope drum over wound and reverse wound protected.
- Hydraulic thruster brakes.
- Easy revolved thus bearing fitted heavy duty tested hook.
- Soft start/stop speed control system on C.T.&L.T.
- Economical Worm-Reduction gear boxes on C.T.&L.T.
- Geared Coupling.
- 8 way push button, protection against failure of electrical contractor.
- Full platform on one side.
