Honesty, Hard work & Dedication

Company Profile

- ❖ Rapid CNC Services is involved in the business of Factory Automation since 2001, who aim's to lead in the field of Automation of Machine Tools, with latest technologies.

Activities in Brief:

- ❖ Reconditioning/System up gradation of Old/Imported second hand NC - CNC Lathes, Vertical Turret Lathes, Horizontal Boring Machine, Milling Machine, Surface Grinding Machine, Cylindrical Grinding Machine, Floor Borer Machine, Plano Miller, Radial Drilling Machine, Gear Shaving Machine, Gear Hobbing Machine etc.
- ❖ CNC SPM BUILDING : Building of 1, 2 or multi axes CNC SPMS for specific operations.
- ❖ Retrofitting of all kind machine tools with all mechanical modification.

- ❖ We have expertise in Mitsubishi, Fanuc and Siemens CNC Controllers.
- ❖ Erection and Commissioning of CNC Machines.
- ❖ Software developed for your existing programs to be converted to new frame and transfer of the same to the machine.
- ❖ Laser Calibration of CNC Machines.

Infrastructure:

- ❖ RAPID CNC SERVICES is having its Office in Thane and Works at Bhiwandi.
- ❖ We have full fledged manpower, equipment and infrastructure to cater the requirement of Retrofitting & Reconditioning at our works.

Strength:

- ❖ The real strength lies in the expertise available in mechanical and electrical engineering, which had come through the people who have got more than 15 years of experience in the field of retrofitting of various kinds of CNC machines. It is again this powerful strength that has enabled RCS to undertake many complex projects all over the country as well as some international projects.

Goal:

- ❖ To lead in Factory & Process automation by offering outstanding services to our customers in terms of Quality, Innovation & Timely Delivery consistently and satisfy them with most reliable and economic solutions.
