ABOUT US

KGW LOGISTICS is a Malaysian based company with worldwide representative offering a complete array of logistic services and solutions.

Set up since 2005, we offer multiple services that facilitate the movement of parts and materials from suppliers to manufacturers and finished products from manufacturers to distributors and retailers. These services include transportation, warehousing, and freight forwarding.

After years of continuous growth, we are now acting as a major player in our line of business in Asia.

Being an international logistics company, we have been moving ourselves from simply a traditional forwarding role into a provider of logistics & distribution services. Add to our combination of **Experienced People, Competitive Costing, Operations Infrastructure, Localized Presence** and **Financial Stability** – we are able to provide our customers with the resources needed to become or remain leaders in their industries.

Apart from being a major player in Malaysia, we have also established a comprehensive agency network throughout the world. Our worldwide partners are as committed as us in providing our customers with a high quality, efficient and a total logistics service anywhere in the world.

We will always hold True to our commitment to providing excellent service whilst offering good value to our customers.
