Icon Machine Tool is one of the largest fabrication only machine tool distributors of both new and used equipment in the United States. Our staff is highly trained to assist you in the buying processes and evaluation of machinery. We strive to keep our customers on top of the technology curve by offering local seminars, manufacturer based seminars, plant tours, and timely industry information via various online sources. We all look forward to working with you on your next project. As the Icon of the industry, we are committed to providing world-class machine tools for the fabrication market. We strive to exceed our customers' needs on a continuing basis and to help our customers to be as competitive and profitable as possible, before *and* after the sale!

Educational Seminars

LASERS

TRUMPF

TRUMPF TruLaser 1030

TRUMPF TruLaser 3030

TRUMPF TruLaser 5030

Choose Fiber-delivered or CO₂

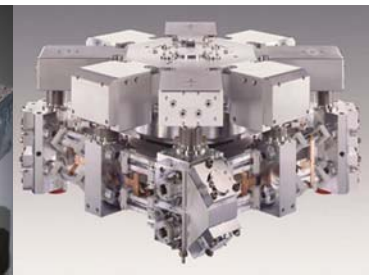

Fiber cutting up to 1 inch

TruDisk Fiber technology
Largest wattage available on market

Single head cutting technology

CO₂ resonators up to 8000 watts
Largest wattage available on market

PUNCHING

TRUMPF

TRUMPF TruPunch 3000

TRUMPF TruPunch 5000

*Choose electric, hydraulic, or
punch-laser combination*

TRUMPF TruMatic 7000 Combo

Toll Free 877-221-9830

PRESS BRAKES

TRUMPF

TruBend 5000 Series
Hydraulic drive

TruBend 7000 Series
Servo electric drive

TruBend robotic bending cells

LASER TUBE CUTTING

TRUMPF TruLaser Tube 7000

LASER WELDING

TRUMPF 5020 laser welding cell

TRUMPF POWER TOOLS

- Laser Slat Cleaners
- Bevellers
- Shears
- Nibblers
- Seam Lockers

CONSUMABLES AND TOOLING

TRUMPF laser consumables

TRUMPF punches and dies

FINISHING MACHINES

Lissmac edge rounding and oxide removal

Steelmaster deburring and graining

Giant vibratory finishing

IRONWORKERS

Ironworker with punch turret

Scotchman
Metal Fabricating Solutions

Dual operator ironworker

Dual operator ironworker

SUNRISE

Single operator ironworker

BAND SAWS

marvel
MANUFACTURING COMPANY, INC.

Series 8 Mark III vertical band saw

SPARTAN
by **marvel**
MANUFACTURING COMPANY, INC.

Production cutting band saws

COGEN

Production cutting band saws
available with mitering

Scotchman
Metal Fabricating Solutions

Great all purpose shop saw

COLD SAWS

Cold saw with measuring system

Scotchman
Metal Fabricating Solutions

Scotchman fully automatic saw with bundle loader

SPARTAN
by **marvel**
MANUFACTURING COMPANY, INC.

Spartan high speed carbide cold saw

STRUCTURAL STEEL

ocean
machinery inc.

Ocean Terminator bandsaws:
20" x 30" dual column, dual miter
18" x 42" dual column, dual miter

Peddinghaus
corporation

Anglemaster

Peddinghaus is world-famous for
building the best structural steel
equipment on the market

Bandsaw

The **Ocean Avenger** drilling
machine drills beams, flats,
angle, tubing, and more. Uses
less floor space and costs much
less than ordinary drilling
machines.

Plate drill/Plasma

Peddinghaus has many
solutions for structural
steel processes

PLATE AND ANGLE ROLLS

- Angle, plate & sheet bending rolls
- 3 or 4 roll available
- Angle bending machines
- CNC options available

Lemas 4-roll plate roll

Roundo angle roll

WATERJET

Techjet-X3 TJ4100

Quantum NXT electric servo pump

PRESS BRAKE

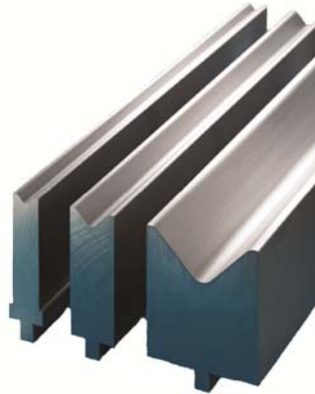

Made in the USA
and backed by a
5 year warranty!

Standard press brake

Standard Industrial press brakes offer quality and features at a very economical price. Full tonnage across the entire bed width. Single and double cylinder models available.

Conventional and Precision Tooling

Specific Press Brake Dies
Conventional brake dies

Wila precision brake tooling

TUBE BENDING

Megabender 030 with
mandrel bender

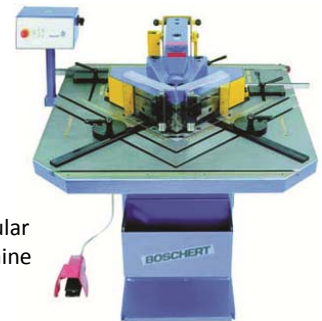

Choose from many sizes of
tube bending machines

Angle & pipe roll

NOTCHING

BOSCHERT USA

The most popular
notching machine

PLASMA & OXYFUEL

Edgemax – less space, max productivity

MPC2000 multi-process cutting
