Air Master Certified

SULLAIR

Industrial Products

Air Compressors (*Sullair, Samsung, Hitachi, Champion, Curtis, Bauer, Saylor Beall*)

Rotary screw, centrifugal, reciprocating, lubricated, oil-free, climate control, high pressure, breathing air, single-stage, two-stage, variable speed drive, natural gas drive, 1/2 HP to 3,000 HP; 20 PSIG to 6,000 PSIG.

Air Dryers (*Sullair, MTA, Arrow, Great Lakes, Pneumatech, Zander*)

Refrigerated cycling, non-cycling and variable speed drive, regenerative heatless and heated, deliquescent. 5 scfm to 30,000 scfm; 20 PSIG to 6,000 PSIG.

Filtration (*Sullair, MTA, Arrow Pneumatics, Zander*)

Contamination and particulate removal, coalescing, absorption of odor and vapor, breathing air packages. 12 scfm to 30,000 scfm; 5 micron to 0.001 micron, 20 PSIG to 6,000 PSIG.

Inlet Filters (*Solberg, Consler*)

Inlet filtration for air compressors, vacuum pumps and blowers.

Filter-Regulator-Lubricator (*Arrow Pneumatics, Master Pneumatics, Coilhose*)

Combination or individual FRLs, gauges, quick couplings, hoses from 1/4" to 2".

System Controls (*Conservair, Master Pneumatics*)

Flow controllers, system regulators, equipment monitors, performance monitors and automated controllers.

Vacuum Pumps (*Sullair, Becker, Champion, Busch, Nash*)

Rotary screw, rotary vane, lubricated, oil-free, liquid ring, medical packages. From 8" Hg to 0.4 torr, from 1/4 HP to 200 HP.

Blowers (*Hitachi, Becker, Rietschle*)

Rotary vane, rotary lobe, impeller, vacuum or pressure.

The background of the page features a faded image of various industrial equipment. On the left, there are vertical tanks with 'SULLAIR' and 'Senegy' logos. In the center and right, there are larger pieces of machinery, including what appears to be a nitrogen generator or compressor with 'LS-25' and 'SULLAIR' branding, and a water/oil separator. The overall image is in grayscale and serves as a backdrop for the text.

Tanks (*Manchester, Silvan*)

1 gallon to 30,000 gallon vertical, horizontal and truck mount. 137 PSIG to 6,000 PSIG, steel, galvanized, epoxy coated, safety valves, drains and gauges.

Process Cooling (*Motivair, MTA, Pneumatech, Pioneer, Thermal Transfer*)

Process chillers, closed-loop coolers, evaporative coolers, pumping stations, heat exchangers and process tanks. Cooling of all sizes with indoor and outdoor packages available.

Nitrogen Generators (*On Site Gas, Pneumatech*)

Purities of 95% to 99.999%, 40 PSI to 5,000 PSI systems. Packaged systems 10 cfh to 2,000 cfh.

Water/Oil Separation (*Sullair, Motivair, A.S.P., Zander, W.R.D.P.*)

Condensation separation, evaporative, membrane and gravity from 0.1 gph to 60 gph.

Variable Speed Drive (*Teco, Eaton, Toshiba*)

Packaged with energy efficient industrial systems, 1/2 hp to 400 hp ac drive motors.

Accessories (*Coilhose, Granzow, Kunkle, Reelcraft*)

Hose, hose reels, quick couplings, blowguns, gauges, safety valves, float drains, flex lines and vibration isolators.

System Monitoring Equipment

Kilowatt recording, flow meters, dew point monitors, pressure monitors, voltage/ amperage recorders and leak detection.

COMPRESSED AIR PRODUCTS

Partners in energy management.

Services

- Preventative Maintenance
- Service Contracts
- Emergency Repairs
- Equipment Rental
- Refrigeration
- Pipe Fitting
- Turn Key Installation
- Engineering
- Energy Audits
- Utility Rebates
- System Solutions
- Custom Packaging
- System Designs
- Leak Detection

Sales

40 Industrial Drive
Uxbridge, MA 01569
Toll Free: 800-634-3345
Tel: 508-278-6500 or 401-769-2012
Fax: 508-278-6699

230 Verge Street
Springfield, MA 01129
Tel: 413-781-5800
Fax: 413-781-5803

25 Irish Lane
Rutland, MA 01543
