25-50 DRUM SANDER ON CLOSED STAND (#72550)

- 1-3/4 HP TEFC 110V/15A drive motor.
- Max sanding width 50" (in 2 passes).
- Indexed alignment settings for narrow or wide stock.
- Smooth thrust bearing supported backlash-free height adjustment mechanism.
- Drum carriage bolted to the base for permanent, adjustment-free alignment.

DOUBLE DRUM SANDERS

- Precision-flattened steel conveyor guaranteeing flatness to 0.010" across the sander.
- Unique Intellisand technology: Automatically adjusts conveyor speed based on load.
- Patented abrasive attachment system for secure trouble-free abrasives changes.
- Self-cooling drums prevent overheating and extend abrasive life.

SUPERBRUSH SINGLE BRUSH SANDERS

- Easy to operate with quick-change brush heads & abrasive loadings.
- Infinitely variable brush speed and feed rate for endless finish possibilities.
- Reinforced steel conveyor bed, adjustable tension rollers & precision height adjustment.

1 HP DUST COLLECTOR

(#820680)

- 1 HP 115V/8A TEFC induction motor with spark-free aluminum impeller for smooth long-lasting performance.
- 1 micron filter bag & large 14" dia x 38" clear plastic collector bag.
- Maximum air flow: 680 CFM.
- Sturdy steel base with 4 swivel casters for maximum mobility within the shop.
- Convenient reversible motor mounting for top or bottom-feed inlet hose position as needed.

1.5 HP DUST COLLECTOR

(#821200)

- 1-1/2 HP 115V/15A TEFC induction motor with spark-free aluminum impeller for smooth long-lasting performance.
- 1 micron filter bag & large 16" dia x 46" clear plastic collector bag.
- Maximum air flow: 1200 CFM.
- Sturdy steel base with 4 swivel casters for maximum mobility within the shop.
- Convenient reversible motor mounting for top or bottom-feed inlet hose position as needed.
