BRANDING

Leader Union's brand policy - we are committed to provide our client total solution. We continue to develop core business value and seek for long term stability strategy with our partners.

Non-slippery grips add comfort to small palm sized garden users

ALUMINUM HANDLE PRUNER

Safety lock for easy operating

Non-stick coating blade makes clean and non rusty cuts

AH-15S86 Aluminum By-pass Pruning Shears

Size: 8 1/2" (215mm)
 Upper blade: High Carbon SK5 steel with non stick coating
 Lower blade: Middle Carbon 50C steel with chrome plating
 Handle: Aluminum handles with PVC grips
 Safety lock: Zinc material
 Spring: Volute Spring
 Packing: Sliding Card
 Q'ty PCS /Inner Box: 12
 Q'ty PCS /Master: 72

AH-15S89 Aluminum By-pass Pruning Shears

Size: 8" (203mm)
 Upper blade: Middle Carbon 50C steel with polish finished
 Lower blade: Middle Carbon 50C steel with polish finished
 Handle: Aluminum handles with PVC grips
 Safety lock: Normal steel
 Spring: Volute Spring
 Packing: Sliding Card
 Q'ty PCS /Inner Box: 12
 Q'ty PCS /Master: 72

AH-15S90 Aluminum By-pass Pruning Shears

Size: 8 1/2" (215mm)
 Upper blade: Middle Carbon 50C steel with polish finished
 Lower blade: Middle Carbon 50C steel with black oxide
 Handle: Aluminum handles with PVC grips
 Safety lock: Normal steel
 Spring: Volute Spring
 Packing: Sliding Card
 Q'ty PCS /Inner Box: 12
 Q'ty PCS /Master: 72

AH-15S95
Aluminum By-pass Pruning Shears

Size: 7" (178mm)
 Upper blade: High Carbon SK5 steel with non stick coating
 Lower blade: Middle Carbon 50C steel with chrome plating
 Handle: Aluminum handles with PVC grips
 Safety lock: Nylon material
 Packing: Sliding Card
 Q'ty PCS /Inner Box: 12
 Q'ty PCS /Master: 72

AH-15S91-9
Ratchet Anvil Pruning Shears

Size: 8" (203mm)
 Blade: High Carbon SK5 steel with non stick coating
 Handle: Aluminum with PVC grips
 Safety lock: ABS material
 Packing: Sliding Card
 Q'ty PCS /Inner Box: 12
 Q'ty PCS /Master: 72

AH-15S96
Aluminum Floral Pruning Shears

Size: 7" (178mm)
 Upper blade: High Carbon SK5 steel with chrome plating
 Lower blade: High Carbon SK5 steel with chrome plating
 Handle: Aluminum handles with PVC grips
 Safety lock: Nylon material
 Packing: Sliding Card
 Q'ty PCS /Inner Box: 12
 Q'ty PCS /Master: 72

AH-15S92-9
Ratchet Anvil Pruning Shears

Size: 8" (203mm)
 Blade: High Carbon SK5 steel with non stick coating
 Handle: Aluminum with PVC grips
 Safety lock: ABS material
 Packing: Sliding Card
 Q'ty PCS /Inner Box: 12
 Q'ty PCS /Master: 72

AH-15S84-1
By-pass Pruning Shears

Size: 8.1/4" (210mm)
 Upper blade: High Carbon SK5 steel with chrome plating
 Lower blade: Middle Carbon 50C steel with chrome plating
 Handle: Aluminum handles with PVC grips
 Safety lock: Zinc material
 Spring: Coil spring
 Packing: Sliding Card
 Q'ty PCS /Inner Box: 12
 Q'ty PCS /Master: 72

PLASTIC HANDLE PRUNER

Easy operating One Touch opening lock mechanism

Spring-action design gently opens blades after each cut to reduce hand strain

Soft TPR grips add comfort to garden users

Low-friction coating helps the blade glide through wood and helps the blade resist rust

PH-15S983 By-pass Pruning Shears

Size: 7" (178mm)
 Upper blade: High Carbon SK5 steel with non stick coating
 Lower blade: Middle Carbon 50C steel with chrome plating
 Handle: PP handles with TPR grips
 Safety lock: POM
 Spring: Coil spring
 Packing: Sliding Card
 Q'ty PCS /Inner Box: 12
 Q'ty PCS /Master: 72

PH-15S984 Anvil Pruning Shears

Size: 7" (178mm)
 Upper blade: High Carbon SK5 steel with non stick coating
 Lower blade: Middle Carbon 50C steel with chrome plating
 Handle: PP handles with TPR grips
 Safety lock: POM
 Spring: Coil spring
 Packing: Sliding Card
 Q'ty PCS /Inner Box: 12
 Q'ty PCS /Master: 72

PH-15S985 Floral Pruning Shears

Size: 7" (178mm)
 Upper blade: High Carbon SK5 steel with non stick coating
 Lower blade: Middle Carbon 50C steel with chrome plating
 Handle: PP handles with TPR grips
 Safety lock: POM
 Spring: Coil spring
 Packing: Sliding Card
 Q'ty PCS /Inner Box: 12
 Q'ty PCS /Master: 72

PH-15S991
By-pass Pruning Shears

Size: 8" (203mm)
 Upper blade: High Carbon SK5 steel with non stick coating
 Lower blade: Middle Carbon 50C steel with chrome plating
 Handle: PP handles with TPR grips

METAL HANDLE PRUNER

Soft and ultra light weight PVC grips fit any hand for long time trimming

Spring action design gently opens blades after each cut to reduce hand strain

Long curved blades allow reaching stems inside bundle

Bent up blade for cutting on a flat surface

MH-15S501 Floral Pruning Shears

Size: 7-1/2" (190mm)
 Upper blade: High Carbon SK5 steel with black oxide
 Lower blade: High Carbon SK5 steel with black oxide
 Handle: Metal handle black oxide finished with PVC grips
 Safety lock: PVC material
 Spring: Steel material
 Packing: Sliding Card
 Q'ty PCS /Inner Box: 12
 Q'ty PCS /Master: 72

MH-15S508 Floral Pruning Shears

Size: 6" (152mm)
 Upper blade: High Carbon SK5 steel with black oxide
 Lower blade: High Carbon SK5 steel with black oxide
 Handle: Metal handle black oxide finished with PVC grips
 Safety lock: PVC material
 Spring: Steel material
 Packing: Sliding Card
 Q'ty PCS /Inner Box: 12
 Q'ty PCS /Master: 72

MH-15S513 Curved Floral Pruning Shears

Size: 7-1/2" (190mm)
 Upper blade: High Carbon SK5 steel with black oxide
 Lower blade: High Carbon SK5 steel with black oxide
 Handle: Metal handle black oxide finished with PVC grips
 Safety lock: PVC material
 Spring: Steel material
 Packing: Sliding Card
 Q'ty PCS /Inner Box: 12
 Q'ty PCS /Master: 72

MH-15S514
Curved Floral Pruning Shears

Size: 6" (152mm)
 Upper blade: High Carbon SK5 steel with black oxide
 Lower blade: High Carbon SK5 steel with black oxide
 Handle: Mental handle black oxide finished with PVC grips
 Safety lock: PVC material
 Spring: Steel material
 Packing: Sliding Card
 Q'ty PCS /Inner Box: 12
 Q'ty PCS /Master: 72

MH-15S523
Floral Trimming Shears

Size: 8-1/2" (215mm)
 Upper blade: High Carbon SK5 steel with chrome plating
 Lower blade: High Carbon SK5 steel with chrome plating
 Handle: Mental handle chrome plating with PVC grips

 Packing: Sliding Card
 Q'ty PCS /Inner Box: 12
 Q'ty PCS /Master: 72

LOPPER

LO-15S621
Professional Lopper

Size: Length 27.5" (700mm)
 Tube 20.5" (520mm)
 Upper Blade: High Carbon SK5 steel with non stick coating
 Lower Blade: Middle Carbon 50C steel with chrome plating
 Handle: Aluminum tube with anodized finished
 Grip: PVC material
 Packing: Pouch on blade

HEDGE SHEAR

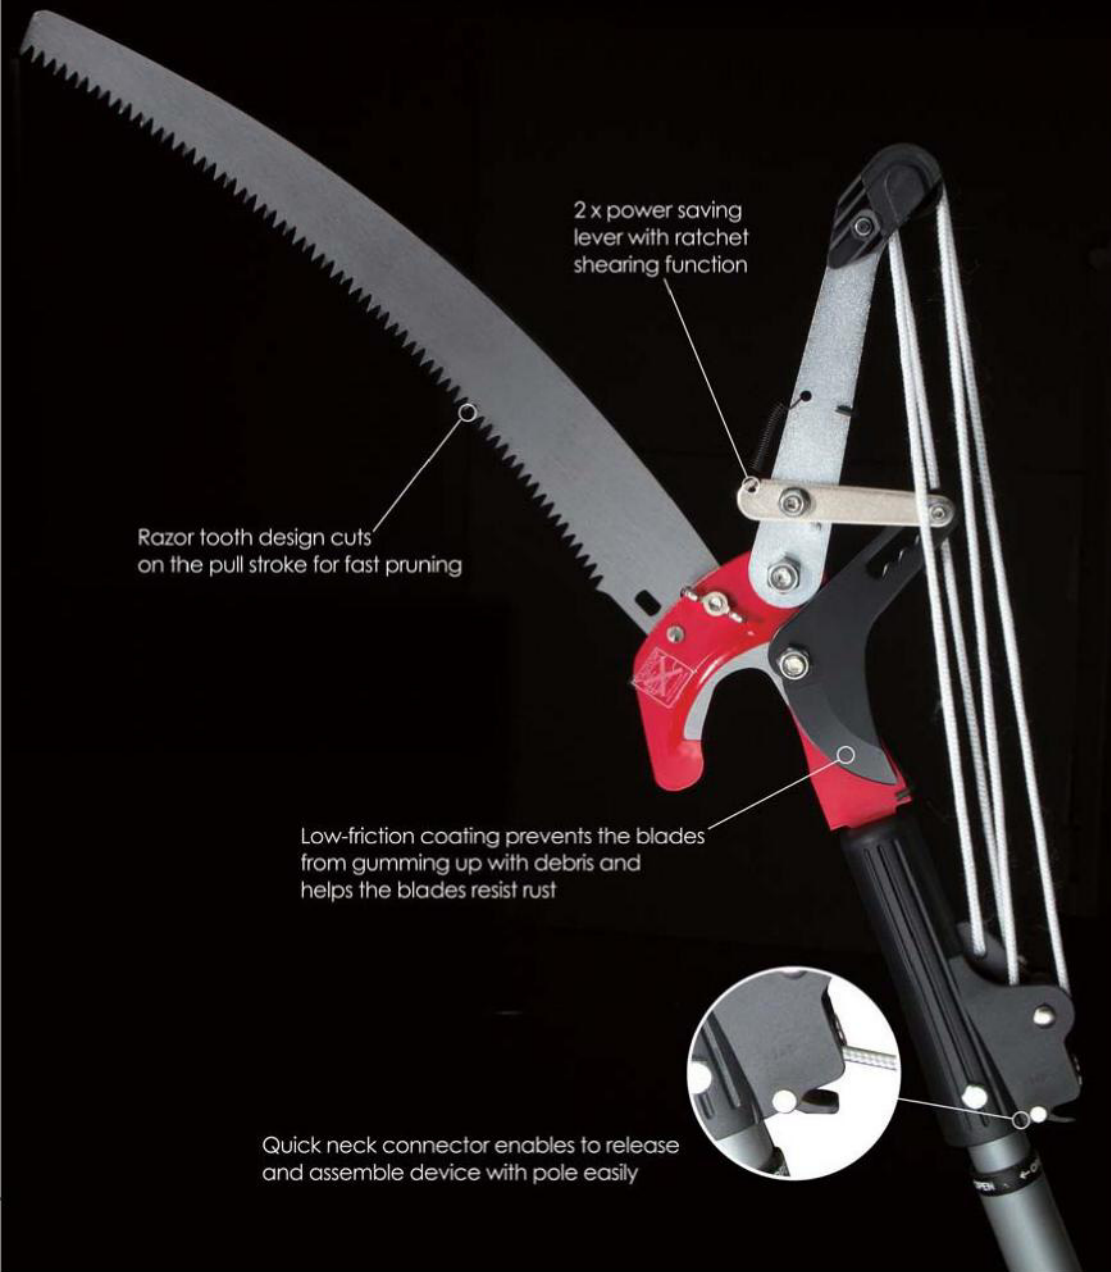

HS-15S622
Professional Straight Hedge Shear

Size: Length 22.8" (580mm)
 Tube 10.2" (260mm)
 Upper Blade: High Carbon SK5 steel with chrome plating
 Lower Blade: High Carbon SK5 steel with chrome plating
 Handle: Aluminum tube with anodized finished
 Grip: PVC material
 Packing: Pouch on blade

TREE PRUNER

TP-15S102 11" Tree Pruner

Size: 11" (280mm)
 Blade: Middle Carbon 50C steel with black oxide
 Body: Aluminum with powder coating
 String: 139" (3530mm)
 Saw: 1.0mm x 360mm (14")
 Packing: Blister Packing
 Q'ty(pcs) /Outer Carton: 12

TP-15S103 12" By-pass Tree Pruner

Size: 12" (310mm)
 Blade: Middle Carbon 50C steel with black oxide
 Body: Middle Carbon 50C steel with black oxide
 String: 139" (3530mm)
 Saw: 1.0mm x 360mm (14")
 Packing: Blister Packing
 Q'ty(pcs) /Outer Carton: 12

TP-15S104 12" By-pass Tree Pruner

Size: 12" (310mm)
 Blade: High Carbon SK5 steel with non stick coating
 Body: Middle Carbon 50C with powder coating
 String: 139" (3530mm)
 Saw: 1.0mm x 360mm (14")
 Packing: Blister Packing
 Q'ty(pcs) /Outer Carton: 12

TP-15S106
13-1/2" By-pass Tree Pruner with Extensible Lever

Size: 13 1/2" (345mm)
 Blade: High Carbon SK5 steel with non stick coating
 Body: Middle Carbon 50C with powder coating
