an introduction

Tools, the backbone of civilisation of human being, have always played a vital role in the advancement of mankind. It is evident from the history that even the pre-historic man tried & tested various handmade tools to prey. Gradually the time changed & tools niched an important place for themselves in the life of mankind. Tools made the day-to-day life of man easier and man started to use tools for various purposes apart from procuring food for himself.

Life, today, is not just about survival, but about never ending progresses & developments. Understanding the vital role played by the tools in the life of human being, **YKing** has successfully launched in the market, various tools that have become the lifeline of today's man. Ever since its inception, 10 years back, **YKing** has been constantly engaged in making available to the mankind, various utility tools which pass through stringent quality control tests, and that too, under ISO-9001 facilities. Our strong R&D team is always in a quest to quench their thirst for betterment through constant upgradation & innovations.

Apart from their strong body, each **YKing** tool possesses features like, low noise operation, high performance, high durability, user friendly, easy to repair, reasonably priced & above all, very beautiful in looks. **YKing** Tools carries out the purpose that is creating high quality and good service, by force of the exquisite market insight and advanced production and testing equipments.

YKing tools are available in many kinds and styles and every tool that comes to you gives you the full satisfaction and freedom to work with tools which are "**BEAUTIFUL & STRONG**".

A brief study of the facts mentioned below gives an overview of the gradual & constant progress of the company through its experience, hard work & the most important of all, market feedback -

- a) the company has been engaged in the Power Tools venture for more than 10 years.
- b) the first enterprise, **YKing** Power Tools became very famous and acceptable because of the quality of its products.
- c) After capturing market in domestic Power Tools, the company introduced its '**PRO**' series of Power Tools for Professional use with the name - **PROTOOLS**.
- d) Later in the year 2006, the company launched another series, v.i.z. **V-One** Series of Power Tools which are known for their 'innovative designs' and 'easy to use' functions.
- e) Recently, to add another feather in its cap, the company, understanding the market demand, introduced '**DELTA**' Series of Cordless Power Tools, which are gaining popularity by every passing day.

The road to success is very long, but the destination is not unreachable. YKing's operation policy is "HUMANE TECHNOLOGY AND SCIENTIFIC MANAGEMENT, CONSTANTLY IMPROVING PRODUCTS QUALITY TO SATISFY CUSTOMERS."

Thanks for your continuous support.
from the Management - **YKing Tools**

- Drill Capacity - STEEL Ø 10 mm
- Drill Capacity - WOOD Ø 15 mm
- No Load Speed 900 RPM
- Power Input 370 W
- Voltage 110/220V~
- Frequency 50/60 Hz
- Net Weight 1.3 Kg.

- Drill Capacity - STEEL Ø 10 mm
- Drill Capacity - WOOD Ø 15 mm
- No Load Speed 2600 RPM
- Power Input 300 W
- Voltage 110/220V~
- Frequency 50/60 Hz
- Net Weight 1.4 Kg
