An ISO 17025:2005 A2LA Accredited Company

TOYODA

MACHINERY USA

CNC Horizontal Machining Centers
Flexible Machining Cells
Transfer lines.

muratec

Automated CNC Turning Centers
Single & Twin Spindle Configurations

MONARCH
Machine Tool

CNC vertical machining centers, traveling
column and gantry-style machining centers

INDEX **TRAUB**

Production Bar Turning Machines,
Inverted Vertical Chuckers & Multispindles
CNC Fixed & Sliding Headstock Automatic Lathes

MICRON
MICRON-U.S.A., INC.

Precision Centerless Grinding and ID Grinding,
Special Grinding Systems.

weldon
SOLUTIONS

Precision CNC Cylindrical Grinders
ID Grinding Machines,
Punch Grinders and Automation Solutions.

RANSOHOFF

Industrial Aqueous Washers, Ultrasonic Cleaning
Systems, Parts Cleaning and Surface Treatment
Solutions, Environmental Systems Group.

KSI

World-class Swiss Style
Automatic CNC Lathes .

MSC

Quality machine tool remanufacturer and service
company since 1951. MSC has in house
engineering, machine tool repair, machine shop
and electrical support capabilities.

ACE

Fanuc Robotics Integration
Machine Loading/Unloading Stations
Conveyor and Part Transfers.

METROLOGY PRODUCTS

Table top to floor model Optical Comparators. Both New & PreOwned comparators available.

Manual/CNC and Vertical/Horizontal Arm Coordinate Measuring Machines

Portable Coordinate & Dynamic Measuring Machines, Handheld Laser Scanners and Optical Trackers

Video measuring machines and precision measuring instruments.

Touch probe systems for coordinate measuring machines and machine tools. Includes new and replacement probes, probe heads, stylii, and accessories for all brands of machines.

Indicators and hard gaging solutions.

CMM fixtures and accessories

CMM Manager Software Retrofits for Manual and DCC Coordinate Measuring Machines

QC-Calc SPC software for both video systems and coordinate measuring machines.
QC-Gage & QC-Solar data collection software

Digital Display and Scale Retrofits of Metrology Equipment

Crotts & Saunders Service is a factory trained service organization providing field service, preventative maintenance and calibration services for all brands of optical measuring instruments and Sheffield coordinate measuring machines.
