Draw Bender # GMC DB-60A

GMC DB-60A, max 2" tube / 1-1/2" pipe, 1-1/2HP, 220V,1 phase …..

Standard Features:

- Taiwan Machine
- ISO 9001 certified
- This easy to use hydraulic tube draw bender has an incredible capacity of 2" tube with .12" wall thickness and 1-1/2" schedule# 40 pipe
- 1-1/2 HP Heavy Duty AC main motor, 220V, 1 phase
- LED degree indicator with automatic stop programming, to get as true reading of bending degree.
- 50 jobs memory, each job program contains 9 steps
- Quick tooling changes
- With deluxe stand
- One year warranty for parts

Optional Die Sets:

Each Die Set includes: 2 rolls, 1 former, and 1 ring

1" Tube die set # DB-60A-1T……...…… $495.00
1-1/4" Tube die set # DB-60A-114T …… $
1-1/2" Tube die set # DB-60A-112T …… $
2" Tube die set # DB-60A-2T …….. $
1" Pipe die set # DB-60A-1P …… $
1-1/4" Pipe die set # DB-60A-114P ……. $
1-1/2" Pipe die set # DB-60A-112P ……. $

Specifications	**GMC DB-60A**
Capacity: Minimum CLR Minimum OD Solid Rod, mild steel Round Tube, mild steel (wall thickness) Round Pipe, mild steel, schedule 40 Round Tube, SS steel (wall thickness) Round Pipe, SS steel, schedule 40 Aluminum round Tube (wall thickness)	 ½" ¼" 1" 2" (.125") 1-1/2" 1-1/2"(.125") 1-1/4" 2" (3/16")
Maximum centerline Radius	8-1/2"
LED programming	50 job memory
Main motor	1.5HP, 220V,1phase
Weight	327 LBS
Machine dimensions, LxWxH	27"x9"x51"
