# KNUTH Machine Tools – History

- KNUTH was founded 1923 in the town of Königsberg, Germany by Gerhard Knuth

**Gerhard Knuth – Founder**

**KNUTH Machine Tools – Circa 1947**

# Expansion and Growth – 4<sup>th</sup> Generation Leadership

- Current president, Karsten Knuth, joined the family business in 1983
- KNUTH continually expands their facility to meet market demand
- In 1999 KNUTH Machine Tools began expanding globally
- 2019: Philip & Kristian Knuth will be the 4<sup>th</sup> generation to lead the family business

**KNUTH Machine Tools – 1987**

**KNUTH Machine Tools – 1995 to Present day**

# Global Corporation

- Today KNUTH employs over 400 people
- 10 subsidiaries worldwide, represented in more than 40 countries
- Over 120,000 worldwide customers rely on KNUTH - from small workshops to large industrial corporations

# Production

---

KNUTH Machine Tools utilizes a network of company-owned factories and suppliers to build their extensive product offering.

Internal production facilities produce machines unique to the KNUTH portfolio, such as the Servo-conventional series and most CNC machines. Long-term suppliers throughout Europe and Asia, with our financial and quality control support, produce standardized machines such as drill presses to our exact design and specifications.

# KNUTH USA

---

- The USA branch opened near Chicago in 2003
- 64,000 ft<sup>2</sup> full-service facility within 15 miles of O'Hare airport

# Mission Statement/Vision

---

Our mission is to develop long lasting relationships based on friendly and professional service. We strive to make an impact on the world around us through the products we provide and the interactions we have with others.

We believe each person contributes to the success of the team in unique ways and we perform best when we all work towards the same goals - to provide the finest-quality products and services to our customers and to do so more efficiently and economically than our competitors. This creates value for our stakeholders and clients, while simultaneously improving the lives of our team members.
