**Leaders in
Pump Solutions
and
Dosing Technology**

- **WELCOME**

INDOTEK is proud to introduce ourselves as authorized dealers for EBARA pumps, EMEC dosing pumps, and MIXTRON dosing pumps and HYDROFLEX Expansion Tanks in the state of Karnataka.

We specialize in providing top-quality pumps and dosing systems for various industrial and commercial applications.

Our team of experts has extensive knowledge and experience in the field of water management and treatment, making us the ideal choice for all your pumping needs.

We strive to exceed your expectations and provide you with a hassle-free experience.

Looking forward to a mutually beneficial and valuable association.

We assure you to provide our best services at all times..

Pump Solutions and Dosing Technology Experts

Our Expertise

- **Specialized in**
- **Ebara Pumps Expertise in Pumping and Mixing Solutions**
- **Hayward Gordon Pumps**
- **Sharpe Mixers supply heavy-duty mixers**
- **Emec Dosing Pumps**
- **Mixtron Dosing Pumps**
- **Hydroflex Expansion Vessels**
- **Extensive experience in the industry**
- **Recognized for our technical knowledge and reliable solutions**

Applications

DOMESTIC AND RESIDENTIAL APPLICATIONS

Gardening and Irrigation
Swimming pool
Water supply
Heating and Air Conditioning
Dirty Water and Drainage

INDUSTRIAL APPLICATIONS

Industrial wastewater
Automotive
Wastewater conveyance
Food
Biofuel
Temperature control
Pharmaceutical
Bottling

CIVIL AND COMMERCIAL APPLICATIONS

Water supply
Water pressurisation
Irrigation
Firefighting
Drainage and Dirty Water
HVAC

AGRICULTURE AND IRRIGATION

Subsurface sampling
Pressurisation and irrigation

EBARA Ranges of products

Water & Wastewater Treatment

Food & Beverage

Cosmetic & Personal Care

Agriculture

DOSING PUMPS

A wide choice of the most advanced dosing pumps for many sectors of application and the perfect solution for any specific dosing need. EMEC offer comprises many series and models of solenoid-driven dosing pumps (including peristaltic pumps), diaphragm and plunger motor-driven pumps and stepper motor dosing pumps to meet any kind of demand.

CONTROL INSTRUMENTS

EMEC control instruments and systems can measure and regulate, even remotely with ERMES online web solution, all sorts of chemical dosing and water treatment processes. They work with EMEC probes to provide automatic dosing management and the ultimate in reading and regulation accuracy for all the essential parameters.

ALL-IN-ONE SOLUTIONS

EMEC all-in-one dosing systems offer an answer to any specific customers' request. They are turnkey customizable solutions assembled on panels in specified combinations that can include dosing pumps, control instruments, probes and accessories. POOLBRAVO is the complete all-in-one solution for swimming pool water treatment.

emec

SIMPLE AS WATER

Proportional Water Powered Dosing Pumps

Standard Features:

- No Power Required
- Precise Dose Ratio Regulation
- Double Mixing Chamber
- Simple Maintenance and Sanitation
- Stable Proportional Dosing Maintained even with Fluctuating Pressure and Flows
- Chemical Resistant Materials
- Viton Seals (EPDM on Request)
- 316SS Springs for Improved Durability
- Operating Temperature Range 5-40°C
- 0.3-6 Bar Operating Pressure
- Suction Tube, Foot Valve & Bracket Included
- 1 Year Warranty*

MIXTRON proportional dosing pumps are suitable for a wide range of applications including livestock medication, fertiliser addition, water treatment, pharmaceutical,

Our Solutions

- **Customized Pump Solutions:**
- **Design, installation, and maintenance**
- **Tailored to meet specific requirements**
- **Dosing Technology Expertise:**
- **Accurate chemical dosing solutions**
- **Monitoring and control systems**

Our Commitment

- **Quality and Reliability:**
- **We prioritize delivering high-quality products**
- **Reliable performance and long-term durability**
- **Technical Expertise:**
- **Our team of experts provides professional advice**
- **Ensuring optimal pump and dosing solutions**
- **Trusted by a diverse range of industries:**
- **Manufacturing, water treatment, agriculture, etc. Our Solutions**
 - **Customized Pump Solutions:**
 - **Design, installation, and maintenance**
 - **Tailored to meet specific requirements**
 - **Dosing Technology Expertise:**
 - **Accurate chemical dosing solutions**
 - **Monitoring and control systems**
