

SPINNER

SPINNER-Pallet changer

Integrated automatic pallet change
for SPINNER 5-axes machining centres

Mechanical Engineering

Made in Germany

www.spinner.eu.com
sales@spinner.eu.com

Pallet changer available in two sizes

- 6 pallets
- 8 pallets

Feeding axis

Automatic loading and unloading of the zero point pallets by feeding axis with lifting module.

Large access door

The large access door of the pallet changer allows the operator to load or to change the zero point pallets, even with crane when handling heavy loads.

Zero point pallets on base carriers

Pallet size and loading capacity of 6-fold pallet changer:
400 x 400 mm (100 kg)

Pallet size and loading capacity of 8-fold pallet changer:
320 x 320 mm (100 kg) or 400 x 400 mm (300 kg)

Integrated
From one source
Made in Germany

Touch-Display

Intuitive operation by means of a compact and powerful TFT-Touch-Display.

Stable and low-vibration zero point clamping system

The zero point clamping system allows a quick and precise positioning and clamping of the pallets. A self-locking ball valve ensures full clamping force, even in the case of pressure decrease.

Werkzeugmaschinenfabrik GmbH

Spinner Machine-Tools are working successfully world wide with many well known clients in more than 60 countries on 6 continents. We have been fortunate enough to attract small component suppliers in addition to well known global groups in all metal machining industries.

We have designed and produced the most modern machine-tools since 1950. More than 20.000 delivered machines demonstrate their high efficiency, precision and reliability, everyday.

Although Spinner is a medium-sized enterprise we produce and sell more than 1.000 CNC machines a year. And the number is increasing every year. Our company combines the know-how of a global player with the flexibility and cost-effective structures of a family owned business.

Place your trust in our products as well and let us know what we can do for you.
