Director's Greeting

As the leader of a company that has been operating successfully for over 100 years, including the establishment of its predecessor, I proudly address you. Our company operates with three divisions in four industrial halls, spanning over 10,000 square meters.

Our main activity revolves around the manufacturing of machine tools, in which we work with 60 years of experience and possess market-leading expertise. Besides that we have over 30 years of experience in the manufacturing of CNC machines. Additionally, in our machining department, we specialize in the processing of medium and large-sized welded and cast components, utilizing our significant machinery fleet.

Within our dynamically evolving welding department, our certified welders carry out their precise and accurate work in our dedicated welding industrial hall.

I kindly ask you to review our introductory material and request a quotation.
