

Dear Sir / Madam,

On this occasion, we would like to introduce our company **ADAL** in a few sentences and essential details. For further information, please contact us with confidence.

Adal Company consists of two parts:

- Production of horizontal bandsaws
- Trade of used machine tools

#### ● ADAL BANDSAW MACHINES

**ADAL Company** is a successful and reliable manufacturer of horizontal band saw, with a branching network of partners and dealers around the world. Our product range is based on **professional horizontal bandsaw** cutting diameter from 240 mm up to 2000 mm (one or two columns). Also, we produce smaller "hobby" or semi-professional bandsaws (90mm - 225mm) in addition to the product range.

You can view our entire bandsaw range on our official website:  
<http://adal.hr/en/machines/adal-pl-bandsaws> [LINK]

#### ● ADAL USED MACHINES

**ADAL Company** is also one of the leading suppliers of used machinery in the regions of Central and Eastern Europe. We are buying and selling all kinds of **used machine tools**.

Boring | Lathe | CNC Lathe | Vertical Turning Lathe | Drilling | Radial Drill | Slotting | machinetools | Planing | Surface Grinding | Portal Grinding | Gear Machines | Presses | Press Brake | Shears | CNC Laser | CNC Punching Press | EDM Wire Cut | CNC Vertical and Horizontal Machining Center | Heavy Duty | Rotary table | Crane | Hammers | Milling | Plasma

You can view our entire used machinery offer on our official website:  
<http://adal.hr/en/machines/used-machines> [LINK]

Number of satisfied business partners, as well as successful business worked back past 30 years speaks for itself, but we are not not satisfied with that but look forward to possible new business challenges and collaborations.
