

Shenzhen DaKunLun Hardware & Plastic Products Co., Ltd.

About Us

Shenzhen DaKunLun Hardware & Plastic Products Co., Ltd., founded in September, 2000, which is a non-public enterprise and specializes in producing precision processes hardware lathe pieces and CNC lathes pieces. With high production technologies and rich production experience, we mainly processing and manufacturing various kinds of metal parts and screw, nut, rivet of national standard and non-national standard etc. Apply to electrical appliances, electronic products, medical equipment, new energy sources, automobile, motorcycle, bicycle, electronic toys, decorative lighting. Production of materials to copper, iron, aluminum, stainless steel, Teflon -based.

Products Show

Copper spindle series

Rivets series

Precise medical equipment series

Printer shaft series

Cosmetic mirror series

Precise copper locks series

Copper bolt and nut series

Precise aluminum series

Stainless Gear needle series

Major production equipments:

Forty-eight sets of Taiwan Made precision automatic lathes, machining accuracy is $\pm 0.02\text{MM}$;

Over thirty-three sets of table lathes, machining accuracy is $\pm 0.03\text{MM}$;

Three sets of filatures and screws per each, accuracy is $\pm 0.02\text{MM}$;

Two sets of production miller, accuracy is $\pm 0.02\text{MM}$;

Two sets of centerless grinder, accuracy is $\pm 0.001\text{MM}$;

Two sets of CNC lathes which import from Japan, accuracy is $\pm 0.001\text{MM}$;

Three sets of numerically-controlled lathes, machining accuracy is $\pm 0.0005\text{MM}$;

Inspection equipments:

Three dimension phantom measuring instruments, two dimension phantom measuring instruments, salt spray testers, durometers, push & pull testing equipments, torsionmeters, micrometers etc.

ISO/9001: 2008 International Quality System Certification

Business License

Company quality policy: "With excellent quality, accurate delivery, reasonable price, and continuous improvement. Strive to zero defect." We, as always, adhere to the tenet of "Customer-Centric", we are willing to establish a long-term friendly relation of cooperation with excellent quality, quality services and preferential price with the clients.
